Role Title: Senior Consultant
Location: London
Hourly rate: Competitive
Deadline: 5pm on Tuesday, 30th November 2021

About London Law Collective

At London Law Collective we believe that we can do more together than working alone. Our ethos is collaborative, we are a B-Corp firm pending status that is committed to making a positive impact in the world around us, and our culture is supportive and diverse where everyone is valued.

Our focus is entrepreneurs. Experienced and high-quality, we are building a team of experts that support entrepreneurial businesses and social purpose organisations across all their legal needs.

We are generous with our time, supportive and helpful, and will collaborate with our clients and each other, always providing fresh and clear insight. We are a Collective because we believe that we can do more together than working alone.

About the Role

As a senior consultant, you will support the members of the London Law Collective team with a focus on corporate and commercial work. You may also be asked to lead certain client matters or workstreams, keeping a senior member of the team involved at all times.

We act for our clients both in the capacity of external legal advisors, but also by providing an in-house level of support as the majority of our clients do not have an internal legal function. Our ethos is to be generous with our time and adaptable to the needs of our individual clients.

We have a strong level of support in the firm, both at the senior level (where we have collective years of experience gleaned from both magic circle law firms and from building our own start-up businesses) and at the junior level (where we have a full time paralegal). As a Senior Consultant, therefore, you will be able to ask for support when you need it, and will be able to practice at the level that you want.

You will be invited to join team events, including training and social events.

Role Requirements

- At least 4 years PQE
- Excellent legal and organisational skills
- Excellent communication and interpersonal skills
